# PART I.

*Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 7th October 1914.*

READ—

Letter No. 8519, dated the 7th January 1914, from the Revenue Commissioner in Mysore, on the subject of the grant of assessed unoccupied lands included within the area covered by the prospecting license for purposes of cultivation.

---

No. R. 2521-30—L. R. 429-13-2, DATED BANGALORE, 7TH OCTOBER 1914.

ORDER THEREON.—Under a prospecting license, the licensee as such has no right to claim that assessed unoccupied lands included in the area covered by the license should be withheld from cultivation until the termination of the license. In order to afford him, however, the necessary facilities for carrying on operations on the land, Government are pleased to direct that as soon as a *bona fide* application for the grant for cultivation of any assessed unoccupied survey number comprised in the area is received, the licensee will be given the option of keeping the land for his benefit if he pays the assessment for the year on the land.

2. If, at the end of the year, he wishes to further retain the land he will be permitted to do so on payment of such price for the occupancy as may reasonably be demanded from him in addition to the assessment. Otherwise, the land will be disposed of under the ordinary darkhast rules.

3. The Geological Secretary is requested to insert a suitable clause in all prospecting licenses to the effect mentioned above.

No. R. 2556-2603—L. R. 328-14-1, DATED BANGALORE, 8TH OCTOBER 1914.

ORDER.—Government are pleased to direct that in every case in which an extract is given from an official document, the date of the original document should always be mentioned in the extract, though in the original it may not appear attached to the portion extracted.

READ AGAIN—

Government Order No. 2904-13—L. R. 394-09-5, dated 2nd October 1913, and Government Order No. 9382-4—L. R. 12-13-21, dated 6th June 1914, directing respectively that when the decennial revision of the potgi of village officers of a taluk results in an increase, effect be given to it from the due date and when it results in a decrease, from the date of the order sanctioning the revision.

READ—

Letter No. 15, dated the 31st July 1914, from the Superintendent of Revenue Survey and Settlement, suggesting that, with a view to make the application of the above orders more equitable, a village be taken as the unit for calculating the increase or decrease of potgi in the case of the patel and a firka in the case of the shanbhog.

---

No. R. 2770-80—L. R. 216-14-2, DATED BANGALORE, 13TH OCTOBER 1914.

ORDER THEREON.—Government consider the suggestion of the Superintendent of Survey to treat the case of each individual village officer on its own merits without reference to the results of revision in the taluk as a whole, fair and are pleased to approve of the proposal made by him in the letter read in the preamble.

D. M. NARASINGA RAO,

*Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 13th October 1914.*

READ—

Letter No. 3169, dated the 20th August 1913, from the Revenue Commissioner in Mysore, suggesting the desirability of reviving the appointment of the Inspector for Sorting of Records for at least three years as the sorting of records is in arrears in almost every office and the Revenue Sub-Division Officers are unable to devote much of their time to this work owing to their heavy revenue magisterial and other multifarious duties.

---

No. R. 2751-9—L. R. 248-13-2, DATED BANGALORE, 13TH OCTOBER 1914.

ORDER THEREON.—Government consider that it is the duty of the head of each office, Amildar, Assistant Commissioner and Deputy Commissioner, as the case may be, to see that the records of his office are sorted in accordance with the rules already laid down by Government, and that there is no necessity for the appointment of a separate officer as Inspector for Sorting of Records.

2. Permanent improvement in this respect can be expected only if the responsibility of the head of each office for the maintenance of his records in a satisfactory condition is strictly enforced. For this purpose, it is necessary that every office should maintain a monthly statement showing the work to be done, the work turned out during the month that remaining to be done. A programme of work to be done in each quarter in all offices should be prepared and the progress achieved should be scrutinized by the superior officers once in three months and their remarks and suggestions should be entered in the statement. The Revenue Commissioner is also requested to examine, as far as possible, during his tours, the condition of the records in Taluk and District Offices, take steps to rectify any irregularities he may find and bring to the notice of Government any case of inordinate neglect of duty in this respect.

*Proceedings of the Government of His Highness the Maharaja of Mysore, Land Revenue, dated 22nd October 1914.*

READ—

Letter No. 1548, dated the 3rd August 1914, from the Revenue Commissioner in Mysore, submitting for orders copy of letter No. 33, dated the 15th July 1914, from the Deputy Commissioner, Tumkur District, soliciting clear instructions as to (1) what exactly are the works for which grants-in-aid may be sanctioned under the Village Improvement Scheme, and (2) whether Deputy Amildars may exercise the same powers as Amildars in the matter of sanctioning grants.

---

No. R. 3021-31—L. R. 10-14-35, DATED BANGALORE, 22ND OCTOBER 1914.

ORDER THEREON.—The object of Government in providing funds for sanctioning grants-in-aid of village improvement is to enable villagers to undertake works of permanent utility to the village, for which only a very limited provision can be made out of the grants from District Funds. The allotment for village improvement works is therefore intended to be utilized chiefly in promoting works for which expenditure may be legitimately incurred from Provincial or District Funds, such as improvements in sanitation, water-supply, drainage of the village, formation of village roads, provision of accommodation for travellers, and works of a similar character.

2. Government have already ordered that village improvement funds cannot ordinarily be appropriated in aid of the construction of school buildings, as grants can be obtained for that purpose from the allotments at the disposal of the Education Department. It has also been laid down that the construction and repair of temples, mosques and similar religious or charitable institutions have usually no claim on public funds. It is therefore necessary that cases where grants have been sanctioned for such purposes before the issue of orders referred to should be submitted for the ratification of Government.

3. It is not considered necessary, at present, to indicate more specifically the purposes for which grants may be sanctioned under the Village Improvement Scheme. Government expect local officers to satisfy themselves that the grant is for a legitimate purpose, that the work sanctioned is of permanent utility to the village, and that the villagers have made some sacrifice to have it carried out.

4. Deputy Amildars will be allowed to exercise the same powers as Amildars in the matter of sanctioning grants under the Village Improvement Scheme.

ACCOMPANIMENT.

*No. 21, dated 28th August 1914, from K. Darashah, Esq., B. A., Superintendent of Inam Settlements in Mysore, Bangalore, to D. M. Narasinga Rao, Esq., B. A., B L., Offg. Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments.*

I have the honor to submit herewith, the annual Administration Report of the Inam Department for the year 1913-14.

2 *Changes in the staff.*—Rajakarya Prasakta Rao Bahadur Mr. D. Shama Rao was in charge of the Department as Inam Superintendent till the 31st December 1913, when he handed over charge of the office to me on retirement.

3. *Cases during the year.*—During the year under report, 5 land inams comprising an extent of 27 acres and 3 guntas assessed at Rs. 83-8-0 were newly confirmed on a combined quit-rent of Rs 17-4-0.

Thirty-four land inams including one whole village were resumed to Government and struck off the Inam Registers during the year under report, by which Rs. 588-12-0 were reduced to Government in inam revenue, while there was a corresponding increase of Rs 1,505-5-0 under land revenue in the shape of assessment.

4. *Revision of inams.*—Five land inams were revised during the year, with the result that the combined quit-rent was reduced by Rs. 4-12-0.

5. *Registers.*—The number of quit-rent registers prepared was 5 for confirmed cases and 30 for resumed and struck off cases. Besides these 1,425 supplemental quit-rent registers and correction statements were prepared and issued during the year on the basis of Purvani Tarav Patrike, Government Orders and issue of final title-deeds for whole inam villages

6 *Final title-deeds for minor inams in Government villages.*—During the year under report, 4,000 final title-deeds for minor inams in the Government villages of Chintamani, Sidlaghatta and Bowringpet Taluks were prepared, 1,574 title-deeds of the Chintamani and Nanjangud Taluks were despatched to the Deputy Commissioners of the districts for distribution among the Inamdars concerned.

7. *Final title-deeds for whole inam villages.*—438 final title-deeds for whole inam villages were carefully compared with the original inam registers, the valuation statements and the original and revised final quit-rent registers, and were issued during the year for distribution to the Inamdars.

8. *Revised final quit-rent registers.*—The revised final quit-rent register of the Bowringpet Taluk, which remained over at the beginning of the year consisting of 2,265 cases, was corrected and compared and copies were despatched to the Secretariat and other offices as usual.

*Land Revenue, dated 21st October 1914.*

9. *Inam revenue.*—During the year, under report, there was a decrease of Rs. 576-4-0 n the inam revenue, as shown below, while there was an increase of Rs. 1,505-5-0 under and assessment.

| | Rs. | a. | p. |
|---|---|---|---|
| Quit-rent on newly confirmed inams ... | 17 | 4 | 0 |
| Deduct on account of revision Rs. 4-12-0 ) | | | |
| Do on account of resumed cases Rs. 588-12-0 ) ... | 593 | 8 | 0 |
| Balance decrease ... | 576 | 4 | 0 |

10. *Expenditure.*—The cost of the Department for the year was Rs. 4,439-8-8 as against Rs. 4,427-13-2 in the year previous.

11. *Total cost of the department.*—The total cost of the department from 1,868 up to the end of the year under report was Rs. 11,89,363-14-5 and the total annual recurring revenue is Rs. 2,72,776-0-7.

12. *Correspondence.*—The amount of correspondence both English and Vernacular was 1,598 as against 1,528 in the previous year. Furnishing information by hunting up the old records required for references in various departments, takes up much time and labor.

13. *Conclusion.*—In conclusion, I am glad to say that the establishment has worked hard and satisfactorily during the year under report.

## BEFORE THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

APPEAL No. 14 of 1912-13.

| Appellant | *vs.* | Respondent |
|---|---|---|
| Shamanna,<br>Chandakavadi,<br>Chamrajnagar Taluk. | | Subramaniah. |

*Subject.*

Appeal against the order of the Revenue Commissioner in Mysore setting aside the proceedings of the lower Courts in the regular suit instituted to set aside the miscellaneous appellate order of that officer disallowing the appellant's claim to the shanbhogi office of Chandakavadi, Chamrajnagar Taluk.

*Facts of the case.*

In prosecuting his claim to the shanbhogi office in question the appellant failed finally on the miscellaneous side before the Revenue Commissioner in Appeal No. 63 of 1907-08. Instead of appealing to Government, the appellant chose to re-open the case by means of a regular suit before the lower Courts. This suit having again come up before the Revenue Commissioner, as a regular appeal, that officer held that all proceedings in the said suit before the lower Courts were *ultra vires* and quashed them on the ground that suits to set aside executive orders finally passed on the miscellaneous side are not maintainable. The present appeal is against this order. The appeal came on for final hearing on 7th March 1914, when the appellant represented by Mr. B. Ramanna, B.A., LL.B., and the respondent by Mr. S. Ramachendra Sastri, B.A., LL.B. were duly heard.

*Order.*

In Government Order No. 4530-7, dated 12th December 1900, it was declared "inexpedient that an order passed by Government declaring a person to be a hakdar to an office, should be called in question in what is called a regular suit." Again in 1905 (No. R. 12785—Mis. 416-04-4, dated 22nd June 1905) it was laid down that "no differentiation between the miscellaneous proceedings and a regular suit was admissible under Revenue law," and that a suit like the one in question is manifestly unsustainable unless the party concerned is referred to it by Government. The term "suit" is not defined either in the Revenue or the Civil Procedure Code. But it is used in the Revenue Code in Sections 88, 92 and 93 in respect of Revenue suits and in Sections 188, 221, etc., about Civil suits, Section 96 lays down that in suits under Sections 88, 92 and 93, the procedure of the Civil Procedure Code should be followed, and an appeal lies to the Chief Court. These proceedings stand on a different footing from others such as those under Sections 97 and 98, in which a party is allowed to apply for assistance to the Revenue Officers. The term suit is thus clearly used in a defined sense, and it must be taken to apply only to those proceedings in which two parties, a plaintiff and a defendant, are arrayed on opposite sides, and in which a certain regular course of pleadings and procedure should be followed. When an authority is given by Statute to a Public Officer and it has been duly exercised it must follow as a matter of course that his order cannot be revised or set aside in any other manner than what the Statute itself prescribes. The Revenue Code does not prescribe that in cases like those dealt with by the Government Orders cited above, or in a case like the present, a suit shall lie to set aside the order passed by a competent authority. The ruling must therefore be followed unless it can be shown that there is any other provision of law allowing the filing of a suit.

*Land Revenue, dated 27th October 1914.*

In the Village Offices Regulation, certain suits are provided for to determine rights in respect of such offices. There is no doubt that such suits may have the object of setting aside the effect of orders passed in less formal proceedings, though this is not expressly stated in the body of the Regulation. In Schedule B, however, this is laid down by implication in the phrase "or the date of the order which would become final if no such suit be brought." Section 11 also says that "any person" may sue before the Deputy Commissioner, without excluding cases in which an order may have been already passed under the preceding provisions of the Regulation.

If this Regulation applied to this case, a suit would thus be open to the parties to question the legality of the orders previously passed (whether by the Government or by a subordinate authority). It must of course be brought within the three years prescribed by the Regulation (which by implication repealed the 12 years' provision contained in the Limitation Regulation). But the plaint was presented to the Deputy Commissioner in this case on 24th February 1908, before the Regulation came into force. The Revenue Code which should govern the case makes no provision for the filing of such suits, and though it may be doubted whether as laid down in some orders of Government, a suit would lie if the party had been expressly referred to it, even such an order did not exist in this case. The Revenue Commissioner's view that no suit could be brought is thus quite correct. This appeal is therefore dismissed.

ACCOMPANIMENT.

*Letter No. 10333, dated 19th June 1912, from Rai Bahadur M. Muthanna, Esq., Conservator of Forests in Mysore, Bangalore, to K. R. Srinivasa Iyengar, Esq., M.A., Officiating Secretary to the Government of His Highness the Maharaja of Mysore, General and Revenue Departments.*

I have the honour to submit herewith under Article 49 of the Forest Code the Working Plan Report of the Lakkavalli and Thyagadabagi State Forests in the Kadur District together with the maps and appendices as per enclosed list drawn up by Mr. B. V. Ramengar, B.A., Assistant Conservator of Forests, for the approval of Government.

2. The two forests dealt with in this report embrace an area of 69 square miles. Lakkavalli is by far the most valuable of the two, and is one of the forests to come earliest under the control of the Forest Department. Owing to its proximity to the Bhadra river, which lends facilities for the floating of timber and bamboos to distant markets in British territory and also to its accessibility to the maidan parts of the State, it has been a favourite resort of timber dealers ever since order and peace were restored to the country at the beginning of the nineteenth century upon the over-throw of the Mahomedan dynasty. All the accessible portions have been almost denuded of sound teak, so much so, that this species has almost disappeared in certain parts, Jambe and other quick growing species having taken its place. Its restoration to its original condition is a work of time, but was energetically taken up ten years ago. The object of this plan is to systematize the operations then inaugurated. Thyagadabagi is a pole forest, notified in 1900, but actually brought under systematic treatment eight years ago.

3. These forests have been divided into five types, according to the nature and condition of the stock and into ten felling series. The large timber yielding and thickly wooded portion of Lakkavalli (which will be called hereafter High Forest) comprising an area of 40 square miles, has been divided into two types, and the latter into two felling series each. Ten per cent of this area has been valued, and upon the basis of the figures thus obtained, the yield has been determined. In the remaining six felling series, no valuation of the stock has been made nor was it necessary. The plan prescribes for them simple operations such as improvement fellings, thinnings and coppicing.

4. The method of treatment prescribed is Selection Felling in the High Forest, the exploitable minima girths being fixed as follows:—

| | feet. |
|---|---|
| Teak in A. type ... ... ... | 7½ |
| Do B. ... ... ... | 6 |
| Beete ... ... ... ... | 7½ |
| Yettoga ... ... ... ... | 7 |
| Dindiga ... ... ... ... | 3 |
| Other kinds ... ... ... ... | 6½ |

*Revenue (Forest), dated 31st October 1914.*

5. The annual yield has been fixed in the case of teak upon the basis of annual increment and in the case of the other kinds on general considerations, such as, the girth at which the species shew signs of maturity and market requirements in the absence of data as regards rate of growth. The result thus arrived at is as follows :—

| Kind | No. sound of trees | No. unsound of trees |
|---|---|---|
| Teak | 135 | 235 |
| Beete | 42 | ... |
| Matti | 368 | ... |
| Nandi | 75 | ... |
| Honal | 237 | ... |
| Dindiga | 1,051 | ... |

From the statements attached to Section 32, it will be noticed that the maximum annual yield has been fixed somewhat below the possibility in the case of teak ; and from the particulars given under head " exploitation of species other than teak," it will also be seen that the number of trees of other kinds prescribed for felling is only 2—3rd of the number of available exploitable trees. We have thus every assurance that the capital value of the forest at the end of the felling rotation will be increased.

6. The period for which this plan is provided is 30 years, at the end of which it will have to be revised in the light of the data collected after a careful examination and enumeration of the stock.

7. The subjoined statement compares the actuals of revenue and expenditure of the past five years with those anticipated :—

| Average actuals for the five years ending 1908-09 | | Expected according to the provisions of the plan | |
|---|---|---|---|
| Revenue | Expenditure | Revenue | Expenditure |
| Rs. | Rs. | Rs. | Rs. |
| 74,768 | 31,488 | 60,465 | 33,325 |
| Surplus | 43,280 | | 27,140 |

The large difference between receipts is due to the two State Forests under report being credited with only Rs. 1,500 of the sandal revenue, while the actuals include a sum of Rs. 18,700.

---

No. FL. 1794-832—G. F. 9-14-134, DATED BANGALORE, 24TH OCTOBER 1914.

ORDER THEREON.—The officer recommending a house-building advance is required to certify that the application is *bona fide* and Rule 7 of Article 136 of the Civil Account Code, which governs the grant of such advances, requires the mortgagee to satisfy Government regarding the validity of his title to the property on the security of which the advance of pay is sanctioned, Government are therefore pleased to direct that such officer should satisfy himself by examining the title-deeds that the site on which the house is proposed to be built, and any immoveable property offered as collateral security really belong to the individual concerned.

As a further precaution to safeguard the interests of Government, Government are also pleased to direct that the officer who gets the mortgage deed executed, *viz.*, the Deputy Commissioner, should also examine the title-deeds of the site and of any other property that may be mortgaged and deposit them in the Treasury along with the mortgage bond.

Letter No 3003, dated 3rd—6th June 1914, from the Secretary, Insurance Committee, submitting for orders Memorandum with the opinion of the members of the Committee recorded thereon on the subject of extending the benefits of State Life Insurance to the members of the Piece-work establishment of the Government Press of certain standing.

No. Fl. 1714-6—B. 50-13-2, DATED BANGALORE, 22ND OCTOBER 1914.

ORDER THEREON.—The men of the Piece-work establishment of the Government Press applied to the Insurance Committee to admit them to the benefits of State Life Insurance. They base their claim on the analogy of the admission of the temporary employees of the Public Works Department under Government Order No. Fl. 2876-9—B. 25-11-2, dated 14th November 1912. The Committee are unanimously of opinion that the men deserve the concession they pray for and consider it a good sign they ask for it. They accordingly recommend that such of them as are employed not casually but as members of a fixed establishment agreeably to the first of the two conditions laid down in Article 257 of the Mysore Service Regulations for giving them a claim to pension, may be admitted to the benefits of Insurance. As the wages of these men vary each month it is also recommended that the minimum premium payable by them be fixed at Re. 1 for the purpose of Rule 7.

2. Government are pleased to approve the recommendation of the Committee as above and sanction the admission of such of the Piece-work employees of the Press to the benefits of State Life Insurance as possess the qualification required in Article 257 (1), Mysore Service Regulations. Insurance will be compulsory in the case of all men whose qualifying service exceeds five years and optional in the case of others.

Letter No. 609-91-07, dated the 11th May 1914, from the Inspector-General of Prisons in Mysore, forwarding a Report on the Administration of Jails and Lock-ups in the State for the calendar year 1913.

---

No. J. 886-96—PRIS. 37-13-4, DATED BANGALORE, 2ND OCTOBER 1914.

ORDER THEREON.—It is noted that during the year under review there was a decrease in the total number of prison population, the number for the year being 10,782 as against 11,266 in the previous year, while there was a rise of nearly 60 per cent in the number of juveniles admitted to the prisons.

2. It is reported that nearly half the number of convicts admitted to prisons during the year had sentences of only one month and under. Government desire to reiterate their remark made in paragraph 2 of their review on the previous year's report, regarding the desirability of a much larger use of the provisions of Section 562 of the Criminal Procedure Code.

3. With the exception of the cloth weaving industry in the Bangalore Central Jail, industries both in the Bangalore and Mysore Jails are reported to have worked at a loss. The Inspector-General of Prisons is requested to take early steps to place the Jail manufactures on a more satisfactory basis.

4. The number of convicts that escaped from Jails and Lock-ups during the year was 4 as against 2 in the previous year.

5. There was a considerable increase in the number of offences committed in the Jails and Lock-ups during the year their number being 172 as against 42 in the year preceding. This rise is attributed more to the increase vigilance of the staff in detecting and reporting them than to any real increase in the occurrence of offences.

6. The Inspector-General of Prisons is requested to make separate references regarding the construction of new buildings and repairs of existing ones, referred to in paragraph 4 of the report.

Government Proceedings No. J. 150-1—Police 203-08-6, dated the 15th July 1912, declining to adopt the suggestion of the Representative Assembly in the matter of the submission by patels of First Information Reports in triplicate.

2. Letter No. 3682—268, dated the 12th April 1913, from the Registrar, Chief Court, stating that, with a view to prevent concoction of evidence, the Chief Court strongly recommend that the system of requiring patels to prepare First Information Reports in triplicate and to submit copies of the same simultaneously to the Police and the Magistracy may be adopted.

No. J. 921-3—POLICE 205-12-4, DATED BANGALORE, 5TH OCTOBER 1914.

ORDER THEREON.—After a careful reconsideration of the whole question, Government are pleased to accept the recommendation of the Chief Court and accordingly direct that in future patels be required to prepare First Information Reports in triplicate in the form appended to these proceedings, and to submit copies of the same simultaneously to the Police and the Magistrate. The Inspector-General of Police is requested to issue necessary instructions in the matter.

2. The Superintendent, Government Press, is requested to have the forms printed and kept in stock in stitched books of 12 and 6 forms, respectively—the former to comprise 25 per cent of the stock—and to supply them on indent to all Superintendents of Police for distribution, according to the size of the village, to village patels. The form should be such as lends itself to being folded into an envelope in order to obviate the necessity for separate covers.

No. 3383-433—ML. 279-12-7, DATED BANGALORE, 28TH OCTOBER 1914.

ORDER.—A case having come to the notice of Government in which an officer has been found to have carried out certain improvements to a Government building intended to be used as his residence without a duly sanctioned estimate, Heads of Departments are requested to issue instructions to all officers subordinate to them that they should not carry out any improvements or repairs, intended to be directly or indirectly for their benefit, without the written authority of their official superiors and without detailed estimates therefor. Such estimates should not be exceeded without previous sanction.

2. This prohibition will not apply to petty repairs to office buildings.

3. Officers acting in contravention of the above directions will render themselves personally responsible for all expenditure thus incurred.

READ—

Letter No 5142 of the 13th February 1914, from the Comptroller to Government, submitting the proposals of the President of the Municipal Council, Bangalore City, for the revision of certain departments of the Municipal office, together with proposition statements duly verified.

2 Letter No. 252, dated the 19th February 1914, from the President of the Municipal Council, Bangalore City.

---

No. 3451-2—Ml. 282-13-3, DATED BANGALORE, 29TH OCTOBER 1914.

ORDER THEREON.—The question of the revision of the Bangalore City Municipal Office has been under the consideration of Government for some time past. The audit of the accounts of this Municipal Council for the seven years ended on the 30th June 1909 brought prominently to notice the need for separating the cash and accounts branches of the Municipal office. The various proposals that had been submitted to Government from time to time on the subject have been carefully revised by the present President in consultation with the Municipal Council with a view not only to provide more efficient means of check over the accounts maintained but also to enable him to cope with the large increase of work which has resulted in every branch of the Municipal office owing to the growth of municipal resources and activities.

2. The proposals submitted by the President embrace the following branches of establishment:—

| | | |
|---|---|---|
| Accounts. | Correspondence. | Cash. |
| Collections. | Menial Establishment. | |
| Octroi Collections. | Control of Public Conveyances. | |

Government consider the proposals which are generally concurred in by the Municipal Council to be suitable and are pleased to approve of them with the following modifications.

I. *Correspondence Branch.*—The pay of the Manager is proposed to be raised from Rs. 70 to Rs. 75—5—100. This official will not have any additional duties or responsibilities under the revised scheme and successive Presidents including the present President have proposed to reduce the pay of this post. Government therefore consider the proposed increase unnecessary.

II. *Account Branch.*—The pay of the Deputy Accountant will be fixed at Rs. 30—$\frac{5}{2}$—40 per mensem so as to allow more scope for an easy flow of promotion among the accountants.

III. As the Collector will hereafter be responsible for the octroi collections also, he will be designated Collector and Octroi Superintendent.

IV. *Cess Clerks and Collectors.*—As the conservancy cess is proposed to be levied in future as a special sanitary cess under Section 59 (VI) of the Municipal Regulation, there is no need to maintain a separate staff for its collection. It should be entrusted to the general collection staff and the establishment for cess collection now costing Rs. 22 per mensem will be abolished and in lieu thereof the appointment of two more shanbhogs one on Rs. 12 and the other on Rs. 10 as a part of the general collection staff is sanctioned.

V. *Menial Establishment.*—Government are not in favour of an increase of menial establishment and the proposal to add to the number of peons by six cannot therefore be sanctioned.

VI. *Allowance to Abkari Shroff.*—This is now inadmissible under Government Order No. 4610-13—S. R. 41-12-3, dated the 8th April 1914.

*Local Fund and Sanitary (Municipal) dated 29th October 1914.*

3. The establishments thus revised and sanctioned will stand as shown in the statement appended. The net result of the scheme now sanctioned is an addition of Rs. 7,578 per annum to recurring expenditure as detailed below :—

| Branch | Per month Cost | | | |
|---|---|---|---|---|
| | Existing | Proposed | Sanctioned | Difference |
| | Rs | Rs. | Rs. | Rs. |
| 1. Accounts ... ... ... | 100 | 251 | 252 | +152 |
| 2. Correspondence ... ... | 202 | 216⅔ | 195 | — 7 |
| 3. Cash ... ... ... | 21 | 43 | 43 | + 22 |
| 4. Collections ... ... ... | 415 | 485 | 480 | + 65 |
| 5. Menial Establishment ... ... | 173 | 241 | 199 | + 26 |
| 6. Octroi Collections ... ... | 448 | 803½ | 804½ | +356½ |
| 7. Control of Public Conveyances ... | 41 | 58 | 58 | + 17 |
| Total ... | 1,400 | 2,098⅓ | 2,031½ | 631⅓ |

4. The reorganisation of the Municipal establishment now sanctioned will come into force from the 1st October 1914. It is expected that with the increase of establishment now provided the President will be able to improve the Municipal administration in every respect and the additional expenditure will be more than compensated by better collections and more efficient work by the establishment.

5. The temporary establishments now entertained in the several branches of the Municipal staff affected by this revision should be dispensed with as soon as the reorganisation takes effect.

The Report on the Working of the Hospitals and Dispensaries in Mysore for the calendar year 1913, received with the Senior Surgeon's letter No G. 520, dated the 29th May 1914

---

No. 2930—MED. 212-13-5, DATED BANGALORE, 1ST OCTOBER 1914.

ORDER THEREON.—Recorded.

2. Mr. P. S. Achyuta Rao was in administrative charge of the Medical Department throughout the year, except for a short period at the commencement of the year during which he was on leave and Rao Bahadur T. V. Arumugam Mudaliar officiated as Senior Surgeon. He was permitted to retire at the end of the year and Government have already placed on record their appreciation of the services rendered by him as the Head of the Medical Department.

3. The total number of medical institutions in the State on the 31st December 1913 was 155 against 152 on the 31st December 1912. The marginally* noted five institutions which were being erroneously classed as Local Fund and Municipal Fund Dispensaries (Class III) have been included under Class I State-Public Institutions. This accounts for the increase in the number of institutions of this class from 9 to 14. Two Local Fund Dispensaries, *viz.*, one at Melkote and the other at Mandagadde were newly opened during the year under report. A grant-in-aid was sanctioned during the year to the Church of England Zenana Mission Hospital at Channapatna, the institution being thus brought under "Private-aided."

The total number of patients treated in the State-Public Institutions (except the Special Hospitals) and the Local Fund and Private-aided Dispensaries was 1,343,140 against 1,300,180 in 1912. Of this number, 10,794 were in-door and 1,332,346 out-door patients against 11,558 and 1,288,622 respectively, in the previous year. Of the 10,794 in-door patients treated, 6,607 are reported to have been cured; 1,927 relieved; 1,297 discharged otherwise; 841 to have died; while 122 continued to be under treatment at the close of the year. The percentage of deaths to the total number treated (7·79) was perceptibly smaller than in the previous year (9·17).

4. The total expenditure on the State-Public, Local Fund and Private-aided Hospitals and Dispensaries in the State amounted to Rs. 4,38,365 against Rs. 4,26,654 in the previous year.

5. The total number of patients treated in the State Non-public Institutions including the Railway Dispensaries was 86,042 against 81,185 and the number of operations performed in them was 1,661 against 2,276 in 1912.

6. Surgical operations were performed on 42,709 patients including 55 patients that remained under treatment at the close of the previous year. Of these, 36,766 are reported to have been cured, 5,637 relieved, 153 discharged otherwise, 97 to have died, leaving 56 persons under treatment at the close of the year. Of the 42,654 principal operations performed during the year, excluding those performed on the 55 patients that remained at the close of the previous year, 2,102 were major operations. The number of major operations performed in the Victoria Hospital, Bangalore, was 866 against 821 in the previous year. The largest number of operations were performed by the following officers:—

| | |
|---|---|
| Dr. C. A. Nanjappa .. ... ... ... | 309 |
| Dr. H. B. Mylvaganam .. ... ... .. | 164 |
| Lt.-Col. T H Foulkes, I.M.S. ... ... ... ... | 142 |
| Rao Bahadur T V Arumugam Mudaliar ... ... ... | 97 |

7. The number of cases treated for cholera, small-pox and malaria increased from 411; 1,078 and 211,448 in 1912 to 433; 1,617 and 218,467 respectively in 1913.

*Local Fund and Sanitary (Medical), dated 1st October 1914.*

8. The Special Pay Wards of the Victoria Hospital, Bangalore, were open throughout the year. The number of patients treated in them was 83 (24 Europeans and Eurasians, 59 Indians) against 62 in the previous year. The income from, and the expenditure on account of, these wards amounted to Rs. 3,268-6-0 and Rs. 563-15-6 (incurred on establishment) against Rs. 1,799-10-0 and Rs. 567-11-4 respectively in 1912. These wards are reported to be increasing in popularity.

9. Fifty-eight cases were subjected to X-rays in the Victoria Hospital, Bangalore, against 46 in the previous year, the number of radiographs taken being 104 against 58 in 1912.

10. The number of midwives who were at work during the year was 112 against 110 in 1912. They attended to 7,944 cases against 7,226 in the previous year.

11. 276,376 patients were treated in the several Vaidyasalas and Unani Dispensaries against 268,348 in the previous year. Of the total number treated (*viz.*, 276,376), 250,472 are reported to have been cured; 23,289 relieved or discharged otherwise; 327 to have died; 2,288 remaining under treatment at the end of the year.

12. The District Medical Officers of Hassan, Kadur and Mysore Districts are reported to have left several dispensaries uninspected within their districts. The Senior Surgeon is requested to ascertain and report the reason for this omission with the explanations of the officers concerned.

The statements marked (K) and (L) showing (1) the work done by midwives and (2) the number of patients treated in the Vaidyasalas and Unani Dispensaries should be incorporated in the body of the report as heretofore.

13. There was a delay of nearly a month in the submission of the report, which, it is hoped, will be avoided in future.

ORDER.—The Comptroller has brought to the notice of Government that several of the Municipal and District Fund Accounts for the year 1912-13 and 1913-14, were submitted to him long after the prescribed dates, and that most of them were sent incomplete and incorrect and that the instructions issued by him from time to time in the matter have not received proper attention. The Presidents of all Districts Boards and Municipalities will be requested to make the necessary arrangements to avoid these delays hereafter and to define the responsibility of each official concerned for their punctual submission. In Taluk Offices, supervision over the work of the Local Fund establishment may be entrusted to the Sheristadar, who will also be responsible to send all accounts correctly prepared within the prescribed dates. In a sub-taluk, these duties may be assigned to the Head gumasta. In the District Offices, Local Fund Head Clerks should be held responsible for the correct preparation and punctual submission of all reports, accounts and other returns.

*Letter* No. 492, dated 2nd October 1912, from the Superintendent, Government Press, submitting certain proposals to meet the hardship caused to piecework employees of the Government Press, by the absence of a provision enabling the grant of leave allowances to them.

2. Further correspondence ending with letter No. 1626, dated 24th May 1913, from the same officer, forwarding copies of letters from the Superintendents of the Government Presses in Madras and Bombay, regarding the leave allowances of piecework employees in those institutions.

---

NO. G. 3589-90—G. P. 15-12-4, DATED BANGALORE, 12TH OCTOBER 1914.

ORDER THEREON.—The Superintendent of the Government Press has brought to the notice of Government the hardship that may be caused to the piecework employees of that institution by the absence of a provision regarding the grant of leave allowances to them in case of sickness or incapacity to work caused by injuries received from machinery in the discharge of their legitimate duties.

2. On a careful consideration of the question, Government are pleased to direct that piecework employees of the Government Press be allowed one month's average earnings for a month, and 50 per cent thereof for a period not exceeding three months, provided they are incapacitated for work from injuries received in the execution of their legitimate duties.

3. The charge will be met from the provision for piecework payment in the Press Budget.

ORDER.—The question of maintaining the travellers' bungalows in the State in a fit condition and of ensuring that the furniture therein is always kept in good order and the staff attached thereto properly perform their duties, has for some time past been engaging the attention of Government.

2. Government deem it necessary that the existing weak points in the management of travellers' bungalows should be carefully examined and new rules drafted so as to provide for an automatic check against their deterioration, and for greater personal responsibility for the proper maintenance of each bungalow than exists at present.

3. Accordingly, Government are pleased to entrust this work to Mr. P. Raghavendra Rao, Excise Commissioner, who is requested to submit his final report on the question, embodying definite proposals, on or before the 1st January 1915.

4. Mr. Raghavendra Rao is empowered to call for such information from the Deputy Commissioners, as he may find necessary, and to entertain a temporary clerk on a pay not exceeding Rs. 30 per mensem to do the clerical work entailed by this investigation.

ORDER THEREON.—Recorded.

2. It is reported that there was a large increase in the number of visitors to the Museum during the year, Government are glad to note that the institution is growing in popularity, and that the Superintendent is paying great attention to enhance its educative value. A descriptive catalogue of the exhibits is stated to be under preparation, and a scheme is being drawn up to indicate local and foreign exhibits by distinct labels.

3. The Superintendent is requested to submit separate proposals for improving the collection of indigenous fauna referred to in paragraph 8 of the report.

4. The thanks of Government may be conveyed to the donors of the more important specimens mentioned in Appendices A and B of the report for presenting them to the institution.

Letter No. 164, dated 13th August 1914, from the Superintendent, Government Stationery, forwarding a Report on the Working of the Government Stationery Depôt during the year 1913-14.

---

No. G. 3946-95—G. M. 145-14-3, DATED BANGALORE, 23RD OCTOBER 1914.

ORDER THEREON.—Recorded.

The year under review opened with a stock valued at Rs. 55,514-4-1 to which was added new stock valued at Rs. 1,26,142-12-7 making a total of Rs. 1,81,657-0-8 against Rs. 1,68,117-2-6 in the previous year. The total cost of stationery articles supplied from the depôt to the various offices of the State was Rs. 1,33,177-5-0 against Rs. 1,12,702-14-3 in the preceding year. This increase is partly due to supplies to new offices and partly to the fact that owing presumably to some delay in application, two years' supplies were issued to Taluk Offices during the official year 1913-14.

3. The balance of stock left at the end of the year was worth Rs. 48,479-11-8 against Rs. 55,514-4-1 at the close of the preceding year.

4. The Superintendent brings to the notice of Government that proper check is not exercised over indents for printed forms by Heads of Departments and that adequate attention does not seem to be paid to the custody and care of forms in several offices. Government do not consider such a state of things satisfactory and will be glad if each Head of a Department will make special endeavours to reduce the consumption of stationery and forms during the current year to the lowest limits possible. A report of the action taken should be submitted for the information of Government. The question of standardizing the forms in use in the various offices of the State with a view to economize the use of printed forms is under consideration separately.

5. As the purchase of Indian made papers is still far below the level it had reached in 1910-11, the attention of the Superintendent is invited to the rules issued in Government Order No. Fl. 2760-803—G. F. 214-10-88, dated 23rd December 1913, regarding the purchase of stores for Government Departments, and he is requested to see if the requirements of Government cannot be more largely met in future from local and Indian sources.

They are, therefore, pleased to direct that all officers having occasion to address telegraphic communications to the officers mentioned therein should use the abbreviated form only and thus minimise the charges.

2. The fee of Rs. 140 payable annually for the registration of these Code addresses will be met from the contingencies of the offices concerned in equal proportions.

3. The amount of Rs. 140 due for the twelve months ending with 31st August 1915 has been paid from the contingencies of the General and Revenue Secretariat. The Comptroller is requested to readjust the same by debit to the contingencies of the several offices concerned.

---

No. G. 4096-8—G. M. 355-13-3, DATED BANGALORE, 26TH OCTOBER 1914.

ORDER THEREON.—Recorded.

The report which was due on the 15th August 1913 was received only on the 25th June 1914, *i.e.*, more than ten months later. Such delays detract altogether from the value of the report; and so in future the Superintendent is requested to see that his reports reach Government by the due dates.

2. The work done during the year consisted as usual in the maintenance and improvement of the Lal-Bagh, the Cubbon Park, and other public gardens in Mysore and Seringapatam, and experimental cultivation at the Sunakal Farm and has on the whole been satisfactory. Government are inclined to think that the work done could be made more useful by the Superintendent confining his attention to a few definite subjects and the question of preparing a programme of work with this object, is under consideration.

3. The experiments at the Sunakal Farm do not so far seem to have led to any results of value. The Superintendent has submitted proposals for carrying out a definite scheme of work in this Farm and for making certain improvements for better irrigation and other purposes. A separate order will be passed on the subject.

ORDER.—As certain Heads of Departments and other Officers of Government find it difficult to find accommodation at Mysore during their tours, Government consider that the building known as the "Hindu Guests' Quarters" which will hereafter be known as "Indian Guests' Quarters" may be made available for the occupation of such officers whenever it is not required for the use of Government. Accordingly Government are pleased to lay down the following rules to regulate the occupation of the building:—

1. The building, namely, the "Indian Guests' Quarters" at Mysore will be available for occupation by Heads of Departments and other Officers not below the rank of Deputy Commissioners whenever they go to Mysore on duty, except when it is required for the occupation of such of the officers and Secretaries to Government as are usually entitled to this accommodation during the Dasara and Birthday festivities and other occasions.

2. Permission to occupy the building cannot be claimed as a matter of right.

3. Written requisitions for permission to occupy the building should reach the Registrar of the General and Revenue Secretariat at least three days before the proposed occupation. The Secretary may grant the requisite permission if the building is vacant and not otherwise required.

4. Non-vegetarian officers may use the kitchen specially set apart for their use.

5. Only one suite of rooms may be occupied by each officer. The building may be used by families of officers only after obtaining previous permission from the General and Revenue Secretary.

6. The fee per diem for each officer occupying a suite of rooms is one rupee.

7. A printed register will be kept in the building and officers who occupy it are requested, before they vacate the building, to enter the names, dates of arrival and departure and the amount of fees paid to the care-taker.

8. Officers will be held responsible for any damage done by themselves, or their servants to the building or furniture or other article. All articles injured or broken must be paid for by them. The amount shall be fixed by the General and Revenue Secretary whose decision in the matter will be final.

9. All fees collected will be remitted to the treasury once a week by the care-taker in charge and the necessary treasury certificate obtained in the printed register referred to in paragraph 7.

10. Officers who may have any complaints to make may address them to the Registrar by letter.

11. If the building is urgently required by Government for any purpose, the officer or officers occupying it should vacate it within 24 hours of the receipt of intimation to that effect.

Government Order No. G. 10713—G. M. 352-13, dated the 26th June 1914, sanctioning the reorganization of the General and Revenue Secretariat.

---

No. G. 4030-33—G. M. 28-14-1, DATED BANGALORE, 24TH OCTOBER 1914.

ORDER THEREON.—The question of the distribution of the existing staff of the General and Revenue Secretariat into the two divisions sanctioned in the Government Order read above, was considered by a Committee consisting of Mr. C. S. Balasundaram Iyer, Secretary to Government, Departments of Education and Agriculture, Mr. D. M. Narasinga Rao, Officiating Secretary to Government, General and Revenue Departments, and Mr. P. G. D'Souza, Deputy Secretary to Government. The Committee, after a careful consideration of the claims and capacities of the officials concerned, have submitted their recommendations regarding the allocation of the officials in the two divisions and the starting pay of each official under the new scheme. The report of the Committee is printed as Appendix A to the order.

2. The recommendations of the Committee in regard to the allocation of 115 members of the clerical establishment of the General and Revenue Secretariat are briefly as follows:—

(*a*) Seventy-four (including 15 who are now holding other appointments) to be placed in the First Division, 17 out of these being on probation for one year.

(*b*) Five persons who have under the original scale reached a pay of Rs. 100 or are near that maximum but who are not fit for the First Division to be treated as supernumeraries in the First Division.

(*c*) Fourteen clerks to be provided in the Second Division tentatively. They are to be eligible for appointment in the First Division on the occurrence of vacancies.

(*d*) Twenty-two clerks to be placed in the Second Division.

3. Government are pleased to approve generally of these recommendations with the following modifications:—

(i) As the Committee's proposals involve an excess of 14 in the First Division including the supernumeraries, the 5 supernumeraries referred to above will be transferred to the Second Division and allowed to draw as personal allowance, the difference between their present pay and the maximum pay of the Second Division.

(ii) With a view to avoid excess in the scale of the First Division, the following officials, whose names are last in the list of the officials proposed for the First Division, will be treated as *sub pro tem* in that Division:—

1. Mr. K. Venkata Rao, B.A.
2. „ B. Thammaiya, B.A.
3. „ Srinivasa Rao Jamkandi, B.A.
4. „ S. R. Narasimhaiya, B.A.
5. „ K. Gundu Rao, B.A.
6. Mr. B. Venkoba Rao, B.A.
7. „ H. Narayana Rao, B.A.
8. „ C. G. Ramaiya, B.A.
9. „ M. S. Raghavachar.

These nine *sub pro tem* vacancies are caused as follows:—

Messrs. B. Seshagiri Rao and S. Srinivasiengar who are acting as Superintendents in permanent vacancies and Messrs. A. N. Nanjundayya and B. Ramaiya as acting Assistant Superintendents in the same vacancies, will be made *sub pro tem.*

The following six officials of the Secretariat included in the First Division are now holding other appointments in respect of which *sub pro tem* arrangements are admissible:—

(1) Mr. T. V. Thiruvengada Mudaliar acting as Personal Assistant to the Second Member.

(2) Mr. K. S. Rama Iyer, Manager, Efficiency Audit Branch.

(3) Mr. N. Subba Rao, District Economic Superintendent.

(4) Mr. S. Shiva Rao, acting Manager of the Senior Surgeon's Office.

(5) Mr. T. Gopalakrishna Iyengar, Manager of the Office of the Director of Industries and Commerce.

(6) Mr. C. Nagappa, clerk, Office of the Secretary to the Retrenchment Committee.

Separate orders will issue regarding the appointment of Mr. N. Gopala Iyengar as *sub pro tem* Amildar, fourth class, and Mr. S. Shiva Rao as *sub pro tem* Manager of the Senior Surgeon's Office.

4. The restriction contained in the last sentence of paragraph 3 of the Government Order of the 26th June 1914, read above, to the effect that no acting appointments shall be made in the Secretariat so long as the temporary grant is utilised, will only apply to vacancies due to absences of clerks on short leave.

5. The revision of the establishment of the General and Revenue Secretariat as sanctioned above will come into effect from 1st July 1914.

APPENDIX A.

## RECOMMENDATIONS OF THE COMMITTEE.

The Committee for the settlement of questions in connection with the reorganization of the General and Revenue Secretariat met and discussed the subject on the marginally noted dates. They submit the following recommendations for the consideration and orders of Government.

3rd July 1914.

1. The scale sanctioned under the reorganization order is as follows:—

*First Division.*—

| | | | |
|---|---|---|---|
| at Rs. 40—5—100 | ... | ... | 65 clerks. |

*Second Division.*—

| | | | |
|---|---|---|---|
| at Rs. 25—2—65 | ... | ... | 49 clerks. |
| at Rs. 70 per mensem | ... | ... | 3 special appointments. |

2. The present actual permanent strength of the General and Revenue Secretariat is 115 clerks. E. Rama Rao, Inspector of Co-operative Societies, is also proposed to be retransferred to the General and Revenue Secretariat. The total number that has thus to be regraded is 116 as against 117 of the revised scale, thus leaving one vacancy to be filled up.

3. Out of the 115 clerks referred to in paragraph 2 above, 15 clerks as shown in annexure I are on other duty. There is no prospect of at least 12 of them reverting to their present permanent appointments in the Secretariat and these places have therefore been taken into consideration in making adjustments under the new scheme. Further, 3 clerks are due to retire by the end of December 1914. Thus 15 vacancies become available.

1 S. Krishna Rao
2. M. Mustafa Khan
3. A. R. Annamalay Mudaliar

4. In redistributing the existing establishment in the two Divisions under the new scheme the following principles have been followed:—

(*a*) Officials whose capacity for doing important casework is in the opinion of the Committee well established have been put in the First Division.

(*b*) Officials who are unfit for casework have been put in the Second Division.

(*c*) Officials who deserve to be given casework either because they are already doing casework or are graduates but whose capacity required to be further tested have been placed in the First Division, on probation for one year. If at the end of the year their service is not considered approved, they may be transferred to the Second Division. Till then their present rank in the Gradation List will be maintained.

(*d*) Officials who are mostly Graduates but deserve less consideration than the preceding have been temporarily given a place in the Second Division subject to the condition that they will be eligible for promotion to appointments in the First Division on the occurrence of vacancies, if found fit.

(*e*) Five clerks, four of whom are drawing Rs. 100 per mensem and the other Rs. 94 per mensem are not fit for the First Division. But they may be treated as Supernumeraries in the First Division in consideration of the pay they draw. Two of these, *viz.*, S. Krishna Rao and Mustapha Khan are due to retire by the end of December 1914. As they would, if placed in the Second Division, be entitled to a personal allowance, this arrangement does not lead to any extra cost.

5. In fixing the starting pay of each official under the new scheme the Committee has proceeded on the following lines:—

(i) Increments already earned under the old scale have been taken into account in fixing the pay under the new scale.

(ii) One increment under the new scale is allowed for officials who have been drawing the same pay for not less than three years.

(iii) Two increments under the new scale have been allowed in the following cases:—

1. Officials drawing the same pay for not less than six years.

2. Officials drawing the same pay for five years but who have been acting in the next higher grade under the old scale.

(3) Mr. N. Subba Rao, District Economic Superintendent.

(4) Mr. S. Shiva Rao, acting Manager of the Senior Surgeon's Office.

(5) Mr. T. Gopalakrishna Iyengar, Manager of the Office of the Director of Industries and Commerce.

(6) Mr. C. Nagappa, clerk, Office of the Secretary to the Retrenchment Committee.

Separate orders will issue regarding the appointment of Mr. N. Gopala Iyengar as *sub pro tem* Amildar, fourth class, and Mr. S. Shiva Rao as *sub pro tem* Manager of the Senior Surgeon's Office.

(*a*) Officials whose capacity for doing important casework is in the opinion of the Committee well established have been put in the First Division.

(*b*) Officials who are unfit for casework have been put in the Second Division.

5. In fixing the starting pay of each official under the new scheme the Committee has proceeded on the following lines:—

(i) Increments already earned under the old scale have been taken into account in fixing the pay under the new scale.

(ii) One increment under the new scale is allowed for officials who have been drawing the same pay for not less than three years.

(iii) Two increments under the new scale have been allowed in the following cases:—

1. Officials drawing the same pay for not less than six years.

2. Officials drawing the same pay for five years but who have been acting in the next higher grade under the old scale.

(iv) As a rule it is not proposed to give the officials placed on probation in the First Division any increment beyond what has been actually earned by them under the old scale.

(v) Where the present pay with increments as above proposed is less than the pay of the next higher stage by Rs. 2 or less, the pay of the higher stage has been allowed. In other cases the excess over the next lower stage is treated as personal allowance.

(vi) Clerks placed in the Second Division who have not yet reached the maximum pay in their old permanent grades will be entitled to count increments under the old scale up to the maximum pay of their respective grades. The amount that will be in excess from time to time over the next lower stage of pay under the new scheme is proposed to be treated as personal allowance. There are only eight cases entitled to this concession.

6. E. Rama Rao's position in the First Division is fixed with due regard to his position in the Secretariat before his transfer to the Co-operative Department. He is accordingly placed below M. A. Singlachar and above W. Raghavachar.

7. A certain number of appointments in the Second Division corresponding to the number in excess over the sanctioned scale in the First Division will be kept unfilled till the excess is absorbed.

8. The Committee do not recommend the filling up of the three special appointments in the Second Division at present. As against these three clerks on Rs. 25—2—65 are proposed to be appointed.

9. The allocation of the present strength in the two Divisions of the new scale in accordance with the foregoing principles is shewn in separate statements appended hereto.

10. The results in brief are as follows:—

(a) As against 65 appointments in the First Division, the following are proposed.

| | | |
|---|---|---|
| (i) | Permanent ... ... ... | 57 |
| (ii) | Probationary ... ... ... | 18 |
| (iii) | Supernumerary ... ... .. | 5 |
| | The excess over the scale is ... ... | 15 |

(b) As against 52 appointments in the Second Division the following are proposed:—

| | | |
|---|---|---|
| (i) | Permanent ... ... ... | 22 |
| (ii) | Eligible to the I Division ... ... | 14 |
| (iii) | To be kept vacant as against excess in the First Division | 15 |
| (iv) | Permanent vacancy ... ... ... | 1 |

Until the excess over the scale in the First Division is absorbed, recruitment to the First Division by competition will not be possible.

*Proceedings of the Government of His Highness the Maharaja of Mysore.*

No. 763-813—Edn. 400-13-1, dated Bangalore, 22nd October 1914.

Order.—For sometime past the Government of His Highness the Maharaja of Mysore have had under their consideration the question of improving the Scheme under which scholarships tenable in foreign countries are being granted so as to meet the requirements of the present time and of the immediate future. The existing rules for the Damodar Das Scientific Research and Technical Education Scholarships framed in 1906 provide for the grant of only two such scholarships every year from the Damodar Das Fund. There are no rules regulating the grant of foreign scholarships from State Funds though several such scholarships have been granted on the merits of individual applications received from time to time.

2. Taking a retrospect of what has been done till now to afford foreign training to the young men of Mysore, it is seen that, from 1891 up to the present, 24 persons have been given State scholarships and since the inception of the Damodar Das Scholarship Scheme in 1904, 18 scholars have been trained.

Analysing the figures it is found that 15 scholars proceeded to Europe and America for advanced study in Medical and Sanitary Science, 6 in Geology, Mining and Metallurgy, 4 in Electrical and Mechanical Engineering and Architecture, 7 in Forestry and Agriculture, 2 to study the art of Printing, and the rest other subjects.

Of the scholars, 20 are now in the service of the State, 10 are still in Europe, 4 died and full particulars of 4 are not known. One is serving outside Mysore and 3 are not in service.

3. In the opinion of Government, the object of the scheme of foreign training in the present condition of the State should be to promote advanced scientific study, technical training and a spirit of research among the people, to train in European countries a number of young men who will follow industrial and commercial occupations which will conduce to the development of the country and also to secure for the service of the State in its several departments, young men trained in western Universities and Colleges, imbued with the progressive spirit of the West and equipped with a first-hand knowledge of modern methods. To attain these objects it is necessary to increase the number of foreign scholarships; to enlarge the range of subjects for training so as to comprise industrial and commercial subjects more largely; to improve the method of selecting candidates in order to ensure the securing of the best talent in a given time; and to make a suitable provision for facilitating deputation to countries where English is not the spoken language.

4. The Government of His Highness the Maharaja of Mysore have therefore decided to institute a certain number of State and Loan Scholarships and have also slightly revised the Damodar Das Scholarship Rules.

The detailed rules are printed as an annexure to this order. (Appendix A.)

5. The cost on account of the scholarships will amount to Rs. 1,12,000 per annum as per details given in Appendix B attached to these proceedings. The cost of the Damodar Das Scholarships, *viz.*, Rs. 18,000 per annum will be wholly met from the annual interest realised from the Damodar Das Charity Fund invested in the Government of India Securities.

The Loan Scholarships will cost Rs. 51,300 every year, which will be advanced by Government and will be finally recovered from the scholars.

The State Scholarships will involve an expenditure of Rs. 42,600 per annum, provision for which will be made in the State Budget.

## ANNEXURES

### APPENDIX A.

### *Foreign Scholarship Rules.*

I. With the object of promoting higher scientific study and research and technical education among the people of the State, in order to train in European countries young men who are desirous of following industrial and commercial occupations which will conduce to the development of the country and with a view to educating in European Universities and Colleges young men for recruitment to the service of the State in the Revenue, Educational, Forest, Medical, Engineering, Geological and other departments, the Government of His Highness the Maharaja of Mysore have been pleased to institute the following scholarships.

II. The scholarships will be known as the Mysore Government Foreign Scholarships and will be granted from the following sources —

1. *Two* known as Damodar Das Scholarships from four fifths of the annual proceeds of the Damodar Das Charities' fund,
2. *Four* known as Mysore Government Scholarships from the general revenues of the State;
3. *Five* known as Mysore Government Loan Scholarships from loans granted from the general evenues of rthe State.

III. Eight of the scholarships will be given for study in the countries of Europe and America. The other three will be given for study in Europe and America or in Japan and other eastern countries; in the latter case two scholarships will be awarded in lieu of every one scholarship tenable in Europe and America.

Of the eight scholarships tenable in Europe and America, *4* will be given for post-graduate scientific study and research and *4* will be given for technical, industrial or commercial training of a practical nature

The other three scholarships tenable in Europe and America or in lieu thereof, 6 scholarships tenable in eastern countries will ordinarily be given for practical training in technical, industrial and commercial subjects, but may, in special cases, be given for post-graduate study and research.

IV. The scholarships will ordinarily be tenable for two years, but Government will be prepared to extend the term by one year in the case of half the number of scholarships, where such extension is necessary.

V. Candidates for the scholarships must not ordinarily be over 25 years of age It will, however, be open to Government to relax the age limit in special cases, such as in the case of candidates who have specially distinguished themselves in their University career and who show very marked aptitude for the higher branches of scientific and technical study, and in the case of candidates who have been engaged in industries or commerce and who desire to pursue industrial or commercial training in foreign countries

VI. The scholarships will be open to all natives of Mysore by birth or domicile. When well qualified candidates who are natives of Mysore are not available, the scholarships will be open to others who have graduated from a Mysore college The scholarships for post-graduate scientific study and research shall be awarded only to candidates who have taken with credit a degree in Arts, Medicine or Engineering in an Indian or other recognised University. The subject of advanced study proposed should have an intimate connection with the course of study the candidate has already pursued.

In the case of scholarships for technical, industrial or commercial training, applicants need not necessarily be graduates of a University, but a candidate will be expected to have received sufficient general education to enable him to pursue his studies with advantage. Such candidates should have had practical experience of the industries, etc., which they desire to study, or in the absence of such previous experience should be prepared to undergo such preliminary practical training as Government may prescribe.

VII. Each candidate must forward with his application .—

1. A satisfactory certificate of birth or domicile;
2. A declaration that he has the consent of the head of his family to proceed to Europe or elsewhere for the purpose of the scholarship;
3. Certificates of good character from two persons (not relatives of the candidate) of respectability and good position, in addition to one from the Head of the College where he was educated for the degree in Arts, Medicine or Engineering;

*Education and Agriculture (Education), dated 22nd October 1914.*

4. A certificate of physical fitness to undergo the course of study, research or training which he will have to follow, signed by the Senior Surgeon of the Government of Mysore or a Medical Officer not below the rank of a District Surgeon ;

5. A statement of the course of study or research which he desires to pursue, with testimonials as to his educational and other qualifications for such course.

VIII. (a) Applications for scholarships shall be made to the Inspector-General of Education in Mysore between the 1st June and the 31st July of each year. The selection of candidates will ordinarily be made by Government on the report of a Committee appointed to report on the merits of the candidate.

(*b*) The candidates shall be required by the Committee to give evidence of their fitness for practical work in any manner that the Committee may think desirable and to undergo any test which the Committee shall prescribe under the general or special orders of Government. In special cases the candidate may be required to undergo a period of probation and preliminary training in India. During such period he shall receive such subsistence and tuition allowances as Government may prescribe.

(*c*) Candidates for scholarships in Europe and America shall be expected to acquire a working knowledge of German or French and scholars going to the far East a knowledge of Japanese, during the period of probation, if facilities for such study can be secured.

IX. The scholarships for study in Europe and America will be of the value of £200 per annum and those for study in the East of the value of Rs. 1,500 or £100 per annum.

The scholarship will be paid in advance quarterly or in such other instalments as may be considered necessary by the Inspector-General of Education. The scholarship will be held to cover all college and examination fees, cost of books, instruments and boarding charges.

An advance not exceeding £25 in the case of scholars proceeding to Europe and America and not exceeding £15 in the case of scholars proceeding to the East, will be given for expenses of outfit when the scholar leaves Bangalore, and this will be recovered out of the scholarship in easy instalments spread over the whole term of the scholarship.

Besides the scholarship, each scholar will be given travelling allowance, *i.e.*, 2nd class rail and steamer fares from Bangalore to the capital or other town of the country selected for his training and a similar allowance for his journey back to Bangalore on the completion of his course of study or research.

Where any premium or other payment is required for securing admission to a factory or other place for practical training in industries or crafts, such charges will be paid if considered reasonable and provided that the previous approval of Government has been taken in each case. In the case of loan scholarships the amount will be treated as an advance and will be recovered in the same way as the scholarship.

X. The subjects which the scholar shall study will be one or more of the following :—

1. Physical Science.
2. Natural Science.
3. Application of Science to Agriculture, Arts, Industries and Manufactures.
4. Research work in applied Science.
5. Medicine, Public Health and Bacteriology.
6. Engineering—Civil, Mechanical, Electrical.
7. Metallurgy, including Electro-metallurgy.
8. Public Administration, Economics, Statistics, Banking, Commerce, Accountancy, Business Administration and Organisation, etc.
9. Arts, Industries, and processes of manufacture including Textile Industries, Tinctorial Chemistry and Dyeing, Leather Industries.

Provided that Government may, in special cases, grant scholarships for the encouragement of higher study in Sciences and Arts other than those specified above.

XI. Each candidate selected, shall, unless otherwise directed by Government, proceed, within such period as may be fixed by them, to the country selected for his training, join the institution selected or approved by Government for the purpose and there continue his study or research with all due diligence.

The Inspector-General of Education will, in consultation with the Comptroller, arrange for the payment to the scholar from time to time of the scholarship and of any other sums that may become payable.

XII. The continuance of the scholarship to the holder will be strictly dependent on good conduct and will be conditional on satisfactory progress being made in his study or research.

The scholars will be subject to the supervision of the Educational Adviser for Indian students in England or other person who may be approved by Government in each case.

XIII. The scholarship will be forfeited if the holder thereof not being disabled by illness or prevented by any other cause which the Government may consider sufficient, fail to complete the course of study or research prescribed or is unfavourably reported on by the Head of the Institution or the supervising authority referred to in Rule XII. In such cases the scholar shall be liable to refund the whole or part of the money paid to him as may be decided by Government.

XIV. A scholar shall, before leaving Bangalore, enter into a bond with the Mysore Government stipulating that he accepts the scholarship on the conditions specified in these rules; that he will prosecute the study or research with all due diligence and that on the completion of such study or research course, he will return to Mysore and will, if called upon to do so, serve the Mysore Government for a period of not less than five years on a reasonable salary to be fixed at the sole discretion of Government, provided that Government may waive such a claim and also that if it shall not offer him employment within six months after his return to Bangalore, it shall be bound to waive it and allow him to get employment elsewhere.

If he fails to fulfil any of these conditions, he shall refund to Government the total amount received by him as scholarship, passage money, etc., with such interest as may be demanded not exceeding five per cent per annum on the amounts paid to him from time to time.

XV. In the case of loan scholarships, the scholar shall, in addition to the above stipulations, before leaving Bangalore, enter into a bond with the Government giving satisfactory security for the repayment of the advances payable to him but without interest.

The loan shall become repayable without interest ordinarily in 5 and in any case not more than 10 yearly instalments after the completion of the training for which the loan was made, the further particulars of repayment being fixed by Government in each case according to circumstances.

---

I have the honour to inform you that your letter, dated 10th instant, has been forwarded to me by Mr Low, the Director of Agriculture, Central Provinces, for disposal My scheme which has proved successful in certain areas where it has been tried is as follows:—

Areas are selected where pigs are very common and destructive, but where no extensive areas of jungle abound but where the pigs take cover in Nalas, babul trees and small patches of undergrowth

A circle of the villages in such a tract is then made and consists of from 10 to 20 villages. These villages are visited by a Revenue Officer, and the scheme is explained. A local committee is formed consisting of two or three Malguzars, prominent cultivators and perhaps a Patwari or two. The centre of the circle is the biggest village, as a rule, and the village school master is the Secretary and keeps the accounts.

Every cultivator in the group of villages agrees to pay a small sum according to the size of his holding into a common fund which is to be kept in the house of one of the committees. The rate is generally three pies per rupee of rental paid to Government.

A sum of money having been collected, it is announced that a reward of eight annas will be paid for every pig destroyed in the circle, and whose tail or tushes is brought into the committee or one of its members It does not matter how the pig is killed, and so long as the committee have definite knowledge that the pig has been killed in one of the villages comprising the circle, they pay the reward.

Pigs are destroyed by guns, by pit-falls, snaring, netting and by spearing. The latter is the most successful method, and a gang of Naths was brought down to show the local Shikaris how to destroy pig. They hunt through a likely Nallah or patch of jungle with their dogs and the latter when they come across the pig surround it and the animal is then despatched with spears. Local Shikaris usually adopt this method now. In two tahsils of Hoshangabad District alone over 9,000 pigs have been destroyed in the last fifteen months.

Needless to say the accounts of the various Pig Killing Committees are carefully scrutinized from time to time by the Tashildar and his staff.

ORDER THEREON.—The question of the staff necessary for the office of the Registrar of Co-operative Societies has come under the consideration of Government and the necessary increase of establishment sanctioned from time to time. The office was originally in charge of an officer of the rank of a Senior Assistant Commissioner, who was assisted in his work by 2 or 3 Inspectors and 4 clerks, and who was placed under the Revenue Commissioner for administrative purposes. From this small beginning, it has now grown, on account of the increasing nature of its work, into an independent office under an officer of the status of a Deputy Commissioner, and has, on its establishment, about 15 Inspectors and 12 clerks, including the temporary staff, besides an Assistant to the Registrar. But even this increase, large as it is, is stated by the Registrar to be inadequate to meet the growing requirements of the department which now controls 530 Societies, and he submits, for the orders of Government, comprehensive proposals in the matter.

2. The Government have carefully considered the proposals of the Registrar in the light of the duties performed by his office and its legitimate requirements, and are pleased to sanction the following establishments with effect from the date of this order:—

I. *Permanent*—

(*a*) Inspectors—

| | Rs. |
|---|---|
| Two Inspectors on | 80—4—100. |
| Five do | 60—4— 80. |
| Six do | 40—4— 60. |

(*b*) Clerks—

| | |
|---|---|
| One Head Clerk on | 60—4— 80. |
| Two clerks do | 45—3— 60. |
| Four do | 30—3— 45. |
| Six do | 20—2— 30. |

(*c*) *Menials*—

One dafadar and 5 peons on duty with the Registrar.
Three peons on duty with the Assistant Registrar.
Thirteen peons on duty with the 13 Inspectors sanctioned above.
One mutchi, one lascar, one gardener, one watchman and four peons attached to the office.

The pay of this menial establishment will be as shown hereunder:—

One mutchi on Rs. 10—1/2—12.
One dafadar on Rs. 9.
One lascar on Rs. 8.
Six peons on Rs. 8 each.
One gardener on Rs. 8.
Fifteen peons on Rs. 7 each.
Four peons on Rs. 6 each
One watchman on Rs. 6.

*Education and Agriculture, dated 31st October 1914.*

*II. Temporary for the number of Societies over 400 and up to 530.*

Four Inspectors on Rs. 40 - 4—60.
Two clerks on Rs. 30—3—45.
Four peons on Rs. 7 each.

3. The Registrar will have power till further orders to appoint one Inspector on Rs. 40—4—60 and one peon (to work under him) on Rs. 7 for every 30 Societies newly started over 530 and one additional clerk on Rs. 30—3—45 for every 60 Societies. A statement of such additional establishment, which will be temporary at first, appointed, should be sent up to Government and the Comptroller whenever this power is exercised.

4. A sum of Rs. 4,029 has been provided in the current year's budget on account of increase of establishment. Any extra expenditure beyond this amount incurred during the current year will be met by reappropriation later on.

5. The establishment sanctioned here should be able to meet all legitimate demands on the office of the Registrar and to ensure a steady and sound development of the co-operative movement in the State. In fixing this scale, Government have acted on the principle that, consistently with the safety of the movement, the official agency directing and controlling it, should be reduced to a minimum. The aim of the Registrar should be to fully utilise non-official assistance wherever it is available and to so develop the movement that the Societies should become more and more self-reliant as they grow older, or should be able to pay the expenses of their audit.

6. The Registrar is requested to submit, for the information and approval of Government, a statement showing the allotment of work to his Assistant and Inspectors.

READ—

Government Proceedings No. 762-4—Muz. 28 of 1896, dated 8th August 1905, laying down certain instructions for the management by the Jahgirdar of Sivasamudram, of certain charities in the Island of Sivasamudram in support of which the villages of Purigal and Kaglipur in the Malvalli Taluk have been endowed by the State as Inam.

2. Memorial dated 27th July 1908, addressed to His Highness the Maharaja by Mr. T. R. Anandaraya Mudaliar, Janopakarakarta, Jahgirdar of Sivasamudram, submitting that the villages in question were granted absolutely to the Jahgirdar subject to the burden of the proper maintenance of these charities and that the Jahgirdar is entitled under the Sannad to the benefit of any surplus income and praying that the above order of 8th August 1905 may consequently be recalled.

3. Revised petition dated the 20th May 1914, addressed to His Highness the Maharaja by Mr. T. R. Anandaraya Mudaliar acknowledging on behalf of himself and his descendants that these villages are held in trust for the said charities to maintain regular and separate accounts of income and expenditure thereof and to allow inspections of such accounts by an officer of a grade not less than that of a Deputy Commissioner and requesting Government for a modification of their order under reference so as to accord due recognition to his status and position as a Jahgirdar holding grants both from His Highness the Maharaja of Mysore and His Imperial Majesty's Government.

---

No. 845-8—Muz. 790-08-7, DATED BANGALORE, 31ST OCTOBER 1914.

ORDER THEREON.—In view of the assurances of the Jahgirdar contained in his petition dated the 20th May 1914, read above, regarding the character of the grant made by the Sannad of 24th December 1829 and his own obligations, responsibilities and duties incidental to the trust that he is to manage, Government are pleased to lay down the following modified instructions:—

(i) The villages of Purigal and Kaglipur will be administered by the Jahgirdar as Devadaya Inam with the legal and customary obligations pertaining to such grants.

(ii) Regular accounts of income and expenditure connected with the endowment villages should be maintained separate from those of the Jahgir villages and an annual report on the administration of the charities should be submitted to Government by the Jaghirdar through the Deputy Commissioner of Mysore, noting briefly the income and expenditure under the various heads, the satisfactory conduct of the charities, improvements effected and other interesting matters.

(iii) The Inam villages, and their accounts, the institutions and their services should be open to the inspection of the Deputy Commissioner and the Muzrai Superintendent, and the Jahgirdar should render such assistance to these Officers, as may be necessary for efficient inspection.

(iv) The results of such inspections will be reported to Government by these officers, but any defects noticed or suggestions for improvement may be directly brought by them to the notice of the Jahgirdar for such action as may be necessary to be taken. In case the Jahgirdar should disagree with the recommendations of these officers, he will submit as early as practicable a brief report to Government, on the subject with his reasons therefor and shall abide by the final decision of Government in the matter.

*Proceedings of the Government of His Highness the Maharaja of Mysore, (Geological), dated 13th October 1914.*

READ—

Report, dated 10th September 1914, from the Inspector of Mines in Mysore, on an air-blast which occurred in the Ooregum Mine on the 5th September 1914, resulting in the death of four persons, with remarks and orders by the Secretary to Government, Geological Department, submitting the above report.

---

No. 690-92—GEOL., DATED BANGALORE, 13TH OCTOBER 1914.

ORDER THEREON.—The Report shows that the burst of rock which caused the accident took place in a drive or tunnel, 4 feet wide by 6 feet high, in solid rock. The roof of the drive was completely covered over with timbers and casuarina poles in order to protect the men from any scales or splinters of rock falling from the roof. Two severe shocks occurred which were recorded by the seismographs as a result of which all the timbers were thrown out and portions of the solid rock and footwall broken down, the debris from which buried six men who were in the drive two of whom were subsequently recovered alive and practically unhurt. The stopes adjacent to the ground through which the tunnel was being driven had been completely packed with waste rock to support the hanging wall.

2. The Chief Inspector of Mines is of opinion that no further precautions could have been taken, but that it will be desirable to abandon all works at this point for 3 months after which a further examination of the ground will be made before operations are permitted to be resumed.

3. Government are of opinion that all necessary precautions had been taken and that no further action beyond what has been ordered by the Chief Inspector of Mines is called for.

W. F. SMEETH,
*Secy. to Govt., Geol. Dept.*

To—The Chief Inspector of Mines in Mysore.
The Superintendent, Ooregum Gold Mining Company.
The District Magistrate, Kolar District.

| 1 | J 919-20—Legis 4-13 ... | 5 | S. Rama Rao, Esq., of the 4th Branch of Dewan Purnaiya's family of the Yelandur Jahgir, Andancoil, Karur Taluk, Trichnopally and the Jahgirdar of Yelandur | Dismisses the appeal of S. Rama Rao, stating that in the orders passed by the late Jahgirdar Sir P. N. Krishnamurti in the matter of payment of the annuities due to the appellant, he has invariably treated the sum of Rs. 300 as an advance to be deducted out of future payments, that there is absolutely no proof to shew that he agreed to give up this sum on account of payments due to the appellant's mother and that the mere fact that this outstanding advance was lost sight of for 3 or 4 years does not disentitle the Jahgirdar from deducting it out of payments now due. |
